

Last Name	First Name	Domestic / International	Program	Project Title	Advisor Role	Advisor Full Name
Abajobir	Amanuel	International	PhD	Long-term health consequences of adverse pregnancy events/outcomes: a longitudinal study	Principal	Prof Jakob Moses Najman
					Associate	Prof Gail Marilyn Williams
					Associate	Prof Stephen Randolph Kisely
Adane	Akilew Awoke	International	PhD	The influence of maternal health and pregnancy experiences / complications on the growth and development of offspring	Principal	AsPr Leigh Rhonda Tooth
					Associate	Prof Gita Devi Mishra
Ahmed	A M Shamsir	International	PhD	Association of Vitamin D Status with Acute Respiratory Infection and Diarrhoea in Children Less Than Two Years of Age in Urban Bangladesh	Principal	Dr Abdullah Al Mamun
					Associate	Dr Kurt Long
					Associate	Dr Ricardo Jorge Soares Magalhaes
Alla	Kristel	Domestic	PhD	Measuring the uptake of research evidence into mental health policy in Australia through retrospective content analysis	Principal	Prof Harvey Alick Whiteford
					Associate	Dr Carla Siobhan Meurk
					Associate	Prof Brian William Head
Allen	Jennifer	Domestic	PhD	Evaluation of the effect of increasing chronological age on post-operative outcomes and the associated costs of patient management	Principal	Dr Lennert Veerman
					Associate	Dr Michael Costan David
					Associate	Mr Arkadiusz Peter Wysocki
Aloufi	Abdulaziz	International	PhD	Body Image and Obesity among Children, Adolescents, and Adults in Australia	Principal	Dr Abdullah Al Mamun
					Associate	Prof Jakob Moses Najman

Barber	Elizabeth	Domestic	PhD	Linkages between human health and ecosystem health - does biodiversity in urban environments promote health?	Principal	Dr Julie Helen Dean
					Associate	AsPr Richard Fuller
					Associate	Dr Danielle Frances Shanahan
					Associate	Prof Robert Alan Bush
Bassilios	Bridget	Domestic	PhD	Effectiveness of an Australian primary mental health initiative: The access to allied psychological services program	Principal	AsPr Jane Pirkis
					Associate	Prof Harvey Alick Whiteford
Bell	Stephanie Kate	Domestic	PhD	THRIVE - Tobacco Harm Reduction with Vaporised Nicotine: a pragmatic randomised controlled trial of novel nicotine replacement products among smokers who are living with HIV	Principal	Dr Coral Elizabeth Gartner
					Associate	Dr Pauline Joy Ford
Birrell	Frances	Domestic	PhD	Improving the Efficiency of Influenza Surveillance in Queensland	Principal	Dr Simon Reid
					Associate	Prof Maxine Anne Whittaker
					Associate	Dr Stephen Bernard Lambert
Blondell	Sarah	Domestic	PhD	HIV Testing Behaviour in Migrants in Queensland, Australia	Principal	Dr Margaret Joanne Durham
					Associate	Dr Mark Philip Griffin
Bogard	Jessica	Domestic	PhD	The contribution of fish to nutrition and food security: Informing the evidence base for agricultural policy in Bangladesh	Principal	AsPr Geoffrey Christopher Marks
					Associate	Dr Mario Herrero
					Associate	Dr Shakuntala Haraksingh Thilsted
Bolszewicz	Katarzyna	Domestic	PhD	Living positive in Queensland: a qualitative longitudinal study of aging, place and social isolation	Principal	Dr Lisa Jane Fitzgerald
					Associate	Dr Andrea Mary Whittaker
Borg	Bindi	Domestic	PhD	Acceptability and efficacy of a locally-produced multiple micronutrient-fortified lipid-based nutrient supplement (LNS) for children under two years in Cambodia	Principal	Dr Eliana Victoria Jimenez Soto
					Associate	Frank Tammo Wieringa
					Associate	Dr Mark Philip Griffin

						Associate	Dr Seema Mirshahi
Brakenridge	Charlotte	Domestic	PhD	Evaluating novel technologies to support office workers to stand up, sit less and move more	Principal		Dr Genevieve Nissa Healy
					Associate		Dr Brianna Shay Fjeldsoe
Brolan	Claire	Domestic	PhD	Global governance for health analysis: Holding governments and others more accountable for their in-country and cross-border responsibilities, enhancing the likelihood that the New Health-Related Development Goals (NHDG) will be achieved.	Principal		AsPr Peter Stewart Hill
					Associate		Dr Hebe Gouda
					Associate		Prof Charles Gilks
					Associate		Prof Gorik Ooms
Burmeister	Elizabeth	Domestic	PhD	Patterns of care in patients with pancreatic cancer	Principal		Dr Rachel Elizabeth Neale
					Associate		Dr Dianne O'Connell
					Associate		Dr Susan J Jordan
					Associate		Prof Jonathan Fawcett
Byrne	Jacqueline	Domestic	MPhil	Long-term follow-up of a health assessment of adults with intellectual disability living in the community	Principal		AsPr Deirdre Patricia McLaughlin
					Associate		Dr Bronwyn Kay Clark
Charlson	Fiona	Domestic	PhD	Mental disorders in conflict-affected populations: epidemiological modelling for targeted mental health program development	Principal		Prof Harvey Alick Whiteford
					Associate		Prof Eric Theo Vos
Chen	Gongbo	International	PhD	Long term exposure to outdoor air pollution and mortality in China: a population based cohort study	Principal		Dr Yuming Guo
					Associate		Prof Gail Marilyn Williams
					Associate		Dr Luke Knibbs
Choudhury	Adnan	Domestic	PhD	The impact of land use policy on public health, the economy and environment: A Multi-criterion Analysis	Principal		Dr Simon Reid
					Associate		AsPr Geoffrey Christopher Marks

						Associate	Dr Mario Herrero
Cortes Ramirez	Javier	International	PhD	A novel tool to identify socio medical risk factors for designing health programs in mining affected communities		Principal	Dr Paul Jagals
Couto e Cruz	Camila	International	PhD	Creating innovative strategies of health prevention and promotion among teen user of psychoactive substances in the state of Queensland, Australia		Principal	Prof Rosa Alati
						Associate	Dr Kim Steven Betts
Currie	Danielle	International	PhD	A systems dynamics approach to evidence-based decision making for environmental health in the South Pacific		Principal	Dr Paul Jagals
						Associate	Dr Carl Stephen Smith
Daly	Lisa	Domestic	PhD	Impact of a mobile health technology intervention on antenatal detection of fetal growth restriction, maternal health seeking behaviour and stillbirth rates		Principal	AsPr Vicki Flenady
						Associate	Dr Kristen Stacey Gibbons
						Associate	AsPr Frances Mary Boyle
						Associate	Prof Sailesh Kumar
Dark	Frances	Domestic	PhD	Comparing the implementation and dissemination of cognitive behavioural therapy for psychosis (CBTp) and cognitive remediation (CRT) in two mental health service districts		Principal	Prof Harvey Alick Whiteford
Das	Sumon	International	PhD	Early life predictors of young adulthood renal function		Principal	Dr Abdullah Al Mamun
						Associate	Prof Harold David McIntyre
						Associate	Prof Ahmed Tahmeed
Davidson	Fiona	Domestic	PhD	A comparison of court liaison and court diversion services throughout Australia for people with mental disorders. How necessary and effective are court liaison court diversion services from the perspective of prevalence, burden on the individual and cost to the system		Principal	Prof Philip Michael Burgess
Davis	Craig	Domestic	PhD	Improving the epidemiological surveillance of Human Immunodeficiency Virus (HIV)/Acquired Immune Deficiency Syndrome (AIDS) in Queensland		Principal	Dr Simon Reid
						Associate	Dr Lisa Jane Fitzgerald
						Associate	Prof Charles Gilks

Dettrick	Zoe	Domestic	PhD	Determinants of quality of health care within a South East Asian context	Principal	Dr Hebe Gouda
					Associate	AsPr Frances Mary Boyle
Diminic	Sandra	Domestic	PhD	Mental health services for people with schizophrenia: analysing the gap between current and optimal service provision in Australia	Principal	Prof Harvey Alick Whiteford
					Associate	Ms Meredith Gai Harris
					Associate	AsPr Jane Pirkis
					Associate	Dr Dan Jonathan Siskind
Dixon	Suzanne	Domestic	PhD	Using novel approaches to explore relationships of body size and related metabolic perturbations with ovarian cancer risk and survival.	Principal	Dr Penelope Margaret Webb
					Associate	Dr Christina Mary Nagle
Dusingize	Jean Claude	International	PhD	Epidemiologic studies of cancers of the skin and other organs	Principal	AsPr David Carlisle Whiteman
					Associate	Dr Catherine Mary Olsen
Erskine	Holly	Domestic	PhD	The epidemiology of conduct disorder and implications for interventions	Principal	AsPr James Scott
					Associate	Prof Harvey Alick Whiteford
Fetene	Dagnachew Muluye	International	PhD	Obstetric and prenatal factors affecting social development of children	Principal	Prof Rosa Alati
Floate	Hilary	Domestic	PhD	Effective implementation of nutrition sensitive programs in developing contexts	Principal	AsPr Geoffrey Christopher Marks
Fraser	Douglas Barron	Domestic	PhD	Tobacco harm-reduction with novel nicotine products: can electronic cigarettes help smokers stop smoking?	Principal	Dr Coral Elizabeth Gartner
					Associate	Dr Peter Baker
Gardiner	Bernard	Domestic	PhD	Ageing with HIV: A qualitative longitudinal study of the lived experience of older gay men in rural Queensland	Principal	Dr Lisa Jane Fitzgerald
					Associate	Dr Chi-Wai Lui
Green	Collette Rachel	Domestic	PhD	Do lifestyle interventions reduce fear of cancer recurrence in overweight or obese breast cancer survivors?	Principal	AsPr Marina Reeves
					Associate	Dr Sheleigh Patricia Lawler
Gyawali	Pradip	Domestic	PhD	The Detection of Viable Helminth Ova in Wastewater Treatment Sludge	Principal	Dr Simon Toze
					Associate	Dr Jatinder Sidhu
					Associate	Dr Paul Jagals

Haile Hundessa	Samuel	International	PhD	Spatiotemporal distribution and socio-environmental drivers of malaria transmission in China	Principal	Dr Yuming Guo
					Associate	Prof Gail Marilyn Williams
Harris	Meredith	Domestic	PhD	Mental health service use in the Australian population: an evaluation of the Better Access to Psychiatrists, Psychologists and GPs through the Medicare Benefits Schedule (Better Access) initiative	Principal	Prof Harvey Alick Whiteford
					Associate	AsPr Jane Pirkis
Hasan	Tanvir	International	PhD	Analysis of geographical risks factors of nutritional disorders in children under 5 years of age in low and middle income countries of Asia.	Principal	Dr Abdullah Al Mamun
					Associate	Dr Ricardo Jorge Soares Magalhaes
					Associate	Prof Gail Marilyn Williams
Heard	Emma Marie	Domestic	PhD	Using theatre as a tool for changing gender norms and promoting health relationships with young people in Samoa	Principal	Dr Allyson Jane Mutch
					Associate	Dr Lisa Jane Fitzgerald
Heffernan	Edward	Domestic	PhD	The mental health problems of Aboriginal and Torres Strait Islander people in custody.	Principal	Prof John Joseph McGrath
					Associate	Prof Harvey Alick Whiteford
Hodgers	Leonie	Domestic	PhD	Climate variability effects on the health risks of waterborne Campylobacter spp. and Arcobacter spp.	Principal	Dr Simon Toze
					Associate	AsPr William Skelly
					Associate	Dr Paul Jagals
Hollingdrake	Olivia	Domestic	PhD	Factors influencing the HIV testing to treatment trajectory within a Queensland context: the role of nursing	Principal	Dr Lisa Jane Fitzgerald
					Associate	Dr Allyson Jane Mutch
					Associate	Dr Chi-Wai Lui
Holowko	Natalie	Domestic	PhD	The social patterning of body weight trajectory in young women: The role of reproductive characteristics	Principal	Prof Gita Devi Mishra
					Associate	Prof Ilona Koupil
					Associate	AsPr Leigh Rhonda Tooth

					Associate	Dr Mark Andrew Jones
Hose	Isaac Ryan	Domestic	MPhil	Improving maternal health in Lao PDR - development of an implementation framework for the adoption of misoprosiol into active birthing management protocols to prevent postpartum haemorrhage in low resource community settings	Principal	Dr Margaret Joanne Durham
					Associate	Mr Keith Thomas Rickart
Hussain	Mohammad Akhtar	International	PhD	Cardiovascular Risk Factors in Indonesia: Trend and Determinants	Principal	Dr Abdullah Al Mamun
					Associate	Prof Rachel Huxley
Hussain Seraj	Sameera	International	PhD	Informing the Post-MDG Global Health Agenda: Essential Health Needs of Marginalized Communities in Asia	Principal	AsPr Peter Stewart Hill
					Associate	Prof Ronald Labonte
					Associate	Dr Margaret Joanne Durham
Iskander	Amy Maree	Domestic	MPhil	Women's experiences of weight stigma in maternity care	Principal	AsPr Frances Mary Boyle
					Associate	Dr Lisa Jane Fitzgerald
					Associate	AsPr Vicki Flenady
Iyengar	Sweatha	Domestic	PhD	The role of institutional entrepreneurship in healthcare reform: A realist evaluation of how, why, and in what context, community-based healthcare organizations respond to policy change	Principal	Dr Margaret Joanne Durham
					Associate	Dr Aaron Katz
Kaczmarek	Marlena Cecylia	Domestic	PhD	Pertussis epidemiology and control in Australia	Principal	Dr Stephen Bernard Lambert
					Associate	Dr Robert Stuart Ware
Kanesarajah	Jeeva	Domestic	PhD	Multi morbidity and its associated health costs	Principal	Prof Gita Devi Mishra
					Associate	AsPr Jennifer Anne Whitty
Kingsbury-Humphreys	Ann	Domestic	PhD	Health in pregnancy and women's health in later life?	Principal	Prof Jakob Moses Najman
					Associate	AsPr Alexandra Marie Clavarino
					Associate	Dr Abdullah Al Mamun
					Associate	Dr Reza Hayatbakhsh
Lee	Yong Yi	Domestic	PhD	Economic evaluation of mental health service delivery systems	Principal	AsPr Jan Barendregt
					Associate	Dr Cathrine Mihalopoulos

						Associate	Ms Meredith Gai Harris
						Associate	Prof Harvey Alick Whiteford
						Associate	Dr Carla Siobhan Meurk
						Associate	Prof Eric Theo Vos
MacFarlane	Bonnie Messer	Domestic	PhD	Determinants and outcomes of family and domestic violence from a large Australian birth cohort study	Principal		Prof Jakob Moses Najman
						Associate	AsPr Alexandra Marie Clavarino
						Associate	Prof Gail Marilyn Williams
Malik	Neelam	International	PhD	Improving best evidence treatment in Aboriginal and Torres Strait Islander alcohol and other drug AOD treatment services	Principal		Dr Anton Clifford
Mantilla Herrera	Ana Maria	International	PhD	Burden of obesity: epidemiology of obesity related disease and its relationship with adiposity, physical activity and diet across the lifespan with a specific focus on the epidemiology of obesity related diseases	Principal		AsPr Jan Barendregt
						Associate	Dr Lennert Veerman
Maravilla	Joemer	International	PhD	Repeated teenage pregnancy in the Philippines	Principal		Prof Rosa Alati
						Associate	Dr Kim Steven Betts
Meddick	Thy Anh	Domestic	PhD	Exploring family mental health as predictors of children's education and vocational outcomes across the lifespan	Principal		Prof Jakob Moses Najman
						Associate	AsPr James Scott
Mills	Ryan	Domestic	PhD	The characteristics and outcomes of child maltreatment in a birth cohort	Principal		Prof Jakob Moses Najman
						Associate	Prof Rosa Alati
Minnery	Mark	Domestic	PhD	Investment case of integrated vs separated TB and HIV services in Lima, Peru	Principal		Dr Hebe Gouda
						Associate	Dr Eliana Victoria Jimenez Soto
Morrison	Mark	Domestic	MPhil	Long term unemployment and mental health in Australia	Principal		AsPr Deirdre Patricia McLaughlin
						Associate	Prof Wendy Brown
Morrisroe	Kathrine	Domestic	PhD	Using Technology to Maximise the Reach and Effectiveness of Lifestyle Interventions	Principal		Dr Brianna Shay Fjeldsoe
						Associate	Prof Elizabeth Eakin
Mowat	Victoria	Domestic	PhD	Developing an evaluating a nurse led public health intervention to improve access to continuity of care in the management of Hepatitis B in the refugee populations	Principal		Dr Margaret Joanne Durham
						Associate	Dr Margaret Patricia Kay

Muranushi	Chiho	Domestic	PhD	Pharmacological impacts to development of keratinocyte cancers: QSkin sun and health study	Principal	Dr Catherine Mary Olsen
					Associate	AsPr David Carlisle Whiteman
					Associate	Dr Nirmala Pandeya
Naidu	Pratap	Domestic	MPhil	Effectiveness of biopsychosocial methods to improve the physical, mental and social health of patients managed by the Queensland Alcohol and Drug Services, with the aim of improving their contribution to society	Principal	Prof Rosa Alati
Ndugwa	Nakazinga	Domestic	PhD	The importance of Early Childhood Development (ECD) in health: how can the relationship between a mother and her baby improve Maternal and Child Health (MCH) outcomes in Uganda	Principal	Prof Maxine Anne Whittaker
					Associate	Dr Hebe Gouda
Oosthuysen	Glenn Thomas	Domestic	PhD	Emotional burnout among volunteers serving in high ideal voluntary organisations	Principal	AsPr Deirdre Patricia McLaughlin
Parker	Stephen	Domestic	PhD	What works for whom in residential psychiatric treatment: defining and comparing models of residential psychiatric rehabilitation	Principal	Prof Harvey Alick Whiteford
					Associate	Dr Dan Jonathan Siskind
					Associate	Ms Meredith Gai Harris
					Associate	Dr Carla Siobhan Meurk
Patrao	Tania	Domestic	PhD	Analytical approaches to enrolling and maintaining injecting drug users in longitudinal studies	Principal	Dr Robert Stuart Ware
					Associate	Prof Gail Marilyn Williams
Rahman	Muntasirur	International	PhD	Understanding the impacts of increased salinity in drinking water on burden of hypertension among children, adolescents and adults living in coastal areas of Bangladesh	Principal	Dr Abdullah Al Mamun
					Associate	Prof Gail Marilyn Williams
					Associate	AsPr Peter Stewart Hill
Ratika	Ratika	International	PhD	Use of nicotine products for quitting smoking and harm reduction if cigarette smokers	Principal	Dr Coral Elizabeth Gartner
					Associate	Dr Carla Siobhan Meurk
					Associate	Dr Pauline Joy Ford
Reid	Natasha	Domestic	PhD	Sedentary behaviour among older Australians in residential aged care	Principal	Dr Genevieve Nissa Healy
					Associate	AsPr Robin Daly

					Associate	Dr Paul Alexander Gardiner
					Associate	Prof Elizabeth Eakin
Saiepour	Nargess	Domestic	PhD	HIV/AIDS modelling in countries that consider HIV/AIDS a taboo - a case study of Iran	Principal	Prof Gail Marilyn Williams
					Associate	AsPr Alexandra Marie Clavarino
					Associate	Dr Peter Baker
					Associate	Dr Robert Stuart Ware
Sarna	Mohinder	Domestic	PhD	Observational research in childhood respiratory diseases	Principal	Dr Stephen Bernard Lambert
					Associate	Dr Robert Stuart Ware
					Associate	Prof Keith Grimwood
Schoenaker	Danielle	International	PhD	The role of diet and lifestyle factors in the development of gestational hypertension and gestational diabetes and subsequent chronic disease events	Principal	Prof Gita Devi Mishra
					Associate	Dr Sabita Soeddamah-Muthu
Sheridan	Sarah	Domestic	PhD	Assessing vaccine effectiveness of publicly funded vaccination programs in Queensland	Principal	Dr Stephen Bernard Lambert
					Associate	Dr Robert Stuart Ware
					Associate	Prof Keith Grimwood
Stephens	Samantha	Domestic	PhD	The how and when of intervention change	Principal	Dr Genevieve Nissa Healy
					Associate	Prof Stewart Graeme Trost
					Associate	Prof Elizabeth Eakin
Sun	Chumeng (Crystal)	International	MPhil	Alcohol and other drug abuse and mental health disorders	Principal	Prof Rosa Alati
Suresh	Sadasivam	Domestic	PhD	Predictors of lung function at the age of 21 years - findings from a longitudinal cohort study (MUSP)	Principal	Dr Abdullah Al Mamun
					Associate	Prof Peter Sly
					Associate	AsPr Michael James O'Callaghan
Tam	King Wa	International	PhD	Modelling the health impact of built environment interventions	Principal	Dr Lennert Veerman
					Associate	AsPr Jan Barendregt
Tebeje	Biniam Mathewos	International	PhD	A live chemically attenuated vaccine for schistosomiasis	Principal	Prof Donald P McManus
					Associate	Dr Marina Harvie
					Associate	Dr Hong You
Terranova	Caroline	Domestic	PhD	Understanding and influencing dietary intake in women following treatment for breast cancer	Principal	AsPr Marina Reeves
					Associate	Prof Elizabeth Eakin
					Associate	Dr Sheleigh Patricia Lawler

Thomas	Preetha	Domestic	PhD	Dietary modernism at home and in the diaspora - exploring dietary practices of South Indians in Australia and India	Principal	Dr Elizabeth Catherine Rose Schubert
					Associate	Dr Andrea Mary Whittaker
					Associate	Dr Brigitte Sebastia-Gille
Tran	Thi Hong	International	PhD	Data Quality (DQ) in the National Routine Health Information System (NRHIS) at grassroots level in Vietnam and examination of related factors	Principal	Dr Chalapati Peddibhotla Venkata Rao
					Associate	Mrs Susan Mary Walker
					Associate	Ms Phuong Hoa Nguyen
Tsevelvaanchig	Uranchimeg	International	PhD	Private health sector regulation in Mongolia: Challenges and opportunities	Principal	Dr Eliana Victoria Jimenez Soto
					Associate	AsPr Peter Stewart Hill
Varkey	Sherin	International	PhD	Inequity in maternal and child health in the Asia-Pacific region and its relationship with Health Systems Governance	Principal	Dr Eliana Victoria Jimenez Soto
					Associate	Dr Andrew Robert Hodge
Vengiau	Gwendalyn	International	PhD	Assessing the impact of economic development on nutritional status and food security on three populations in Papua New Guinea (PNG)	Principal	AsPr Geoffrey Christopher Marks
					Associate	Dr Justin Pulford
Vlack	Susan	Domestic	PhD	Promoting identification and immunisation of Aboriginal and Torres Strait Islander people in the urban General Practice setting.	Principal	Prof Maxine Anne Whittaker
					Associate	Dr Andrew Page
Weerakoon	Kosala	International	PhD	Detection of cell free parasite DNA (CFPD) in human plasma as an improved method of diagnosis of schistosome infections	Principal	Prof Donald P McManus
					Associate	Dr Pengfei Cai
					Associate	Dr Darren James Gray
Wilson	Louise	Domestic	PhD	Middle-aged women with hysterectomy: An exploration of trends, characteristics, and mid-life health experiences.	Principal	Prof Gita Devi Mishra
					Associate	Dr Nirmala Pandeya

					Associate	Prof Julie Byles
Woldeyohannes	Solomon Meseret	International	PhD	A one health study of leptospirosis and other zoonoses in Ethiopia	Principal	Dr Simon Reid
Yaqoot	Fatima	Domestic	PhD	Developmental stages of sleep problems from childhood to young adulthood and its associations with obesity in young adults	Principal	Dr Abdullah Al Mamun
					Associate	Dr Suhail Doi
Young	Charlotte	Domestic	PhD	Documenting the transition from an acute to self management model for patients with chronic disease	Principal	Dr Allyson Jane Mutch
					Associate	AsPr Frances Mary Boyle
Zahir	Syeda	International	PhD	Burden of obesity: epidemiology of obesity related disease and its relationship with adiposity, physical activity and diet across the lifespan with a specific focus on the obesity paradox	Principal	Dr Lennert Veerman
					Associate	AsPr Jan Barendregt
Zalbahar	Nurzalinda	International	PhD	Maternal haemoglobin status and long-term child health status.	Principal	Dr Abdullah Al Mamun
					Associate	Prof Harold David McIntyre
					Associate	Prof Jakob Moses Najman
Zapata Diomedi	Maria Belen	Domestic	PhD	Modeling the health impact of built environment interventions	Principal	Dr Lennert Veerman
					Associate	AsPr Jan Barendregt
					Associate	Prof Alan Shiell
